TO THE RESCUE

ACTIVITY: TO THE RESCUE
RNLI lifeboat crews provide search and rescue for people who find themselves in trouble in the water

ACTIVITY: TO THE RESCUE
RNLI lifeguards help look after visitors during the busier months on the beach.
Why do you think these crew members are wearing these clothes?

ACTIVITY: TO THE RESCUE

Lifeboats
What other equipment do you think RNLI crew need to help with their job?
Crew need lifejackets to keep them safe during a rescue
Helmets to protect their heads

ACTIVITY: TO THE RESCUE
Waterproof clothing and boots so they don’t get wet and cold.
Lifeguards use binoculars to watch people on the beach and check if help is needed.
They use rescue boards, powered watercraft and other vehicles so they can respond quickly to any emergency.

They even work with helicopter rescue crews for some rescues.
